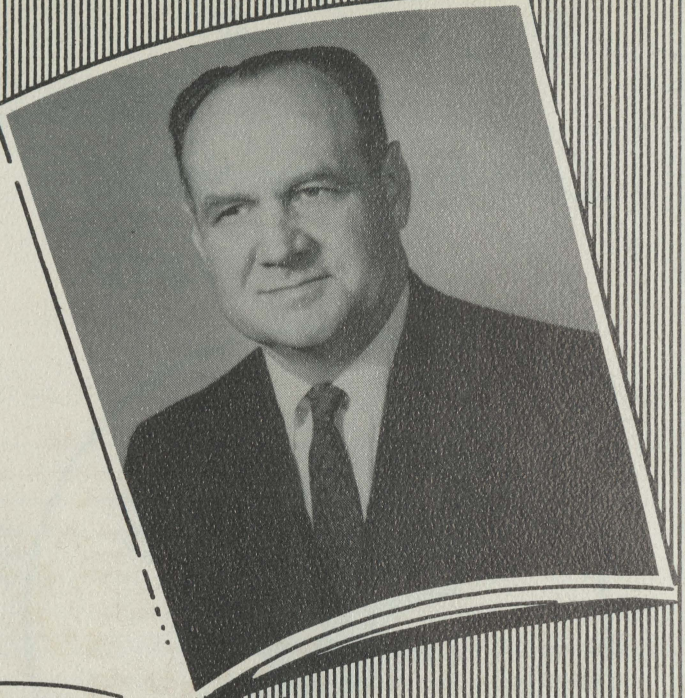
The Eagle's Nest

Principals' Message



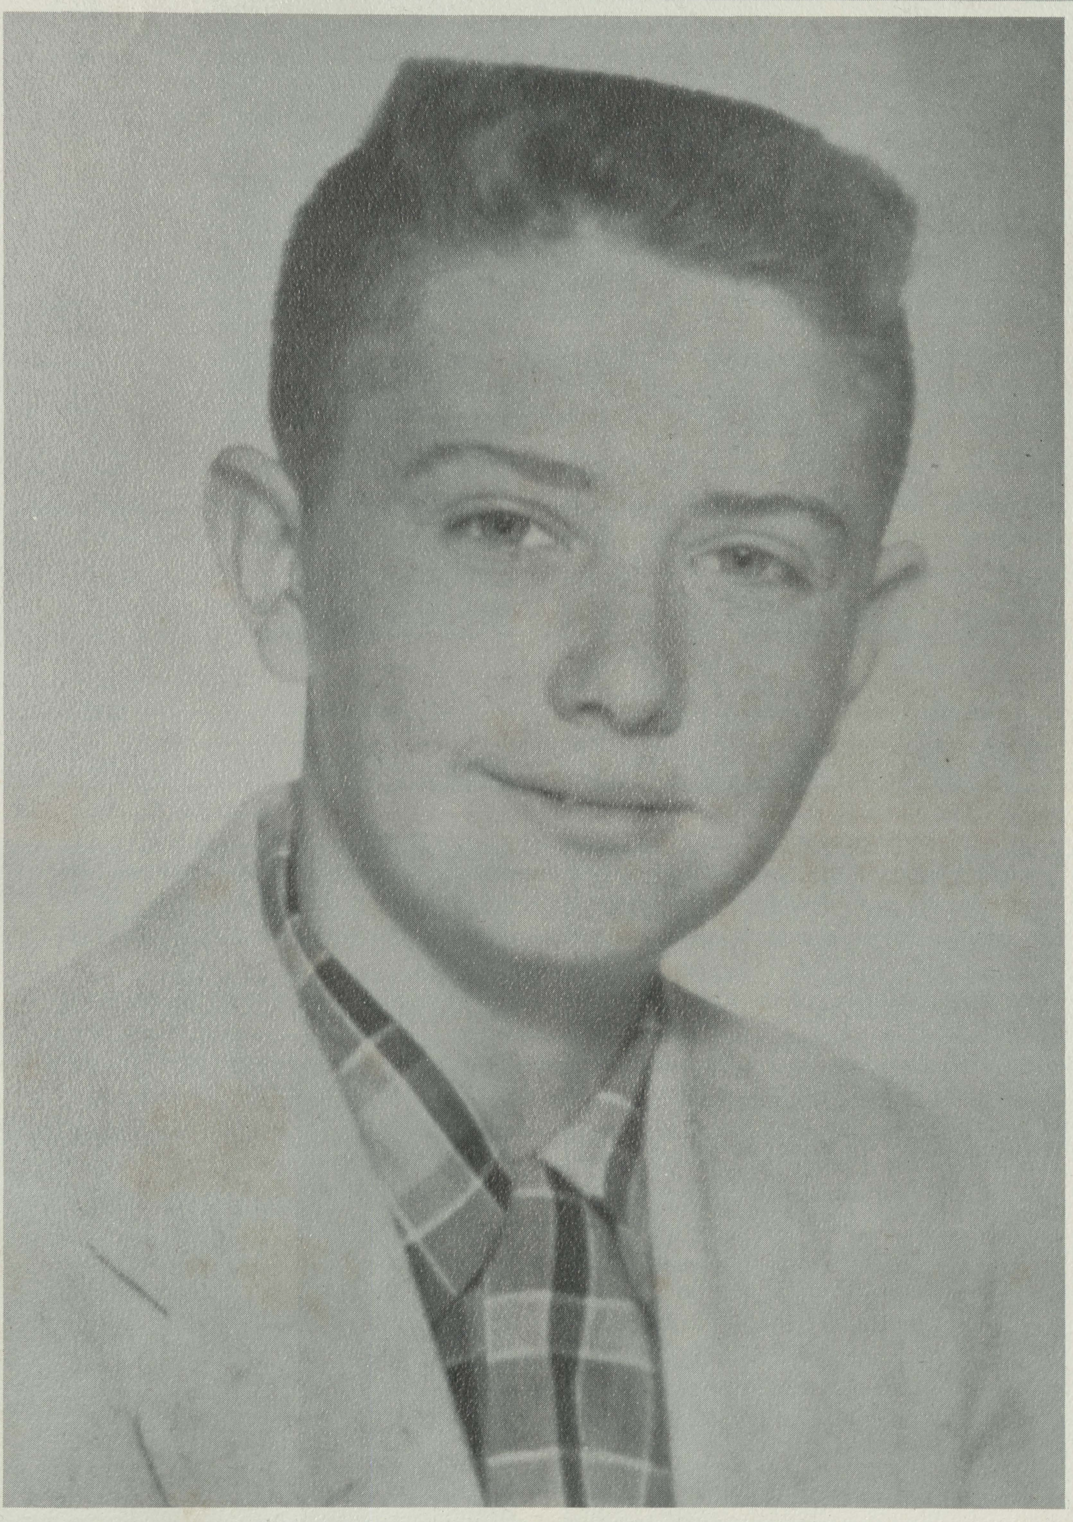
Twelve years ago when we as a family moved into your district, you had a brick high school building that is still being used together with a wood constructed elementary school building which was neither adequate nor desirable for school purposes. You now have a fine elementary building, high school building, shop building, as well as an up-to-date gymnasium.

I mention these things because somehow I have a special feeling for this class since we both entered this school the same year - I as your principal and you as a first grader. We both have lived through and have experienced this transitional period. You are now leaving. Some of you will continue your education in higher schools of learning while others will embark upon a life's vocation. All of you have my best wishes for a successful career.

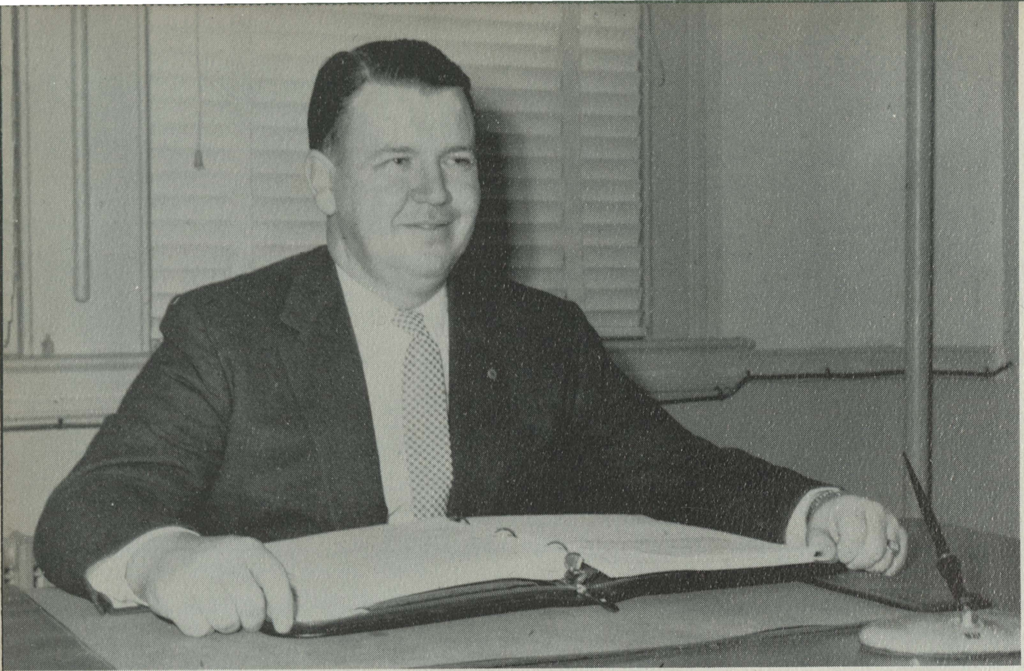
I am sure that you share my feelings of obligation and responsibility to the school board members and community who have given us a fine school system for our children. Do not forget these obligations and responsibilities to your school, community, and children of this district. Always strive to improve upon your school system and your children will have the educational opportunities that are their birthright.

Fred Graef

Dedication



As We Remember You



President of Board

MR. HARRY H. DUKES, JR.

To Class of 1959:

Until now school has been the center of your lives, but graduation will change and broaden that. Let me suggest four essential values upon which to concentrate:
FAMILY: I am convinced our lives should center around our family; parents, brothers, and sisters, husbands and wives, later children and grandchildren. From family relationships come love, pride, growth, and accomplishment.
CHURCH: Unless we are atheists or Communists, we need a close and active tie to the Church of our choice. Life without faith and dedication loses its meaning. In judging life's values, we cannot overestimate the added strength that comes from religion.
BUSINESS: Most of us work from the necessity to provide income and security, but I feel sorry for anyone whose work is only a means to this end. Business offers the opportunity to grow, to create, and to serve others. It is impossible to lead a full life unless you like your work, are successful in it, and are challenged every day to accomplish more.
FRIENDS AND HOBBIES: A satisfying life requires broad interests. We need the ability to make and keep close and lasting friends. We also need to develop hobbies: hunting, music, gardening, painting, photography, travel, anything to add interest to life. Friends and hobbies make every life richer and fuller.

Thank you for letting me share with you these thoughts on the basic fundamentals of life. Good luck to you, everyone.

SENIORS

To The Class of 1959:

It is a pleasure to greet you through this, your issue of the Eagle's Nest.

May this volume in the years to come always remind you of the happy days spent at Lord Baltimore.

You are now closing one chapter of your "Book of Life" and are ready to open another. Each of you must go his own way... Each with individual interests and convictions.

It is my sincere hope that as you go forward into the world, the elements of your training which you have received at Lord Baltimore will be prominent in developing you into creative citizens of society. A sound and determined attitude which meets situations challengingly should be your trade mark.

Let education be a part of your life. Have dignity in your work, pride in your possessions, and compassion in your heart for your fellowman. Your tasks are important. Do them well... Enjoy doing them.

May God bless you always and may your life be filled with success and happiness.

Seniors at Work

The Class History

On the bright morning of September 3, 1947, forty-nine scrubbed little faces entered the old elementary school to begin their education. This was the day we had all been told about. Because of the large number of us, we were divided into two groups - twenty-five of us toddled along with Mrs. Heistand, while the other twenty-four followed Mrs. Gordy. This was the beginning of a long twelve year struggle.

After returning from our Christmas vacation of the fourth grade, we excitedly moved to the new elementary building where we spent the remainder of our elementary years.

Upon entering junior high, we experienced quite a startling change. Much to our disappointment we found that we no longer had recesses. Our number now being fifty-three, we divided into two sections once again with Mrs. Gladys Helm and Mr. Ralph Mahan as our advisors.

When we reached the ninth grade, we were forty-one in number. Our classes combined, and Mr. Ralph Mahan became our class advisor. At our first class meeting, we elected our class officers as follows: President, Loretta Hudson; Vice President, Forrest Evans; Secretary, Elaine Hitchens; Treasurer, Dolores Hocker. Our class activities for that year were two movies, a supper, and a spring dance. Though this was our first experience with money making activities, we finished quite successful.

In our sophomore year elected as our class officers were: President, Carol Tyre; Vice President, Loretta Hudson; Secretary, Mariam Evans; Treasurer, Nancy Johnson. Once again we were successful in our activities, as we presented the same as the previous year. Our year was greatly saddened by the loss of one of our dear classmates, Bruce Burton, to whom this book is dedicated.

Under the leadership of our advisor, Mr. Mahan, we now began one of our busiest years - our junior year. Our officers were: President, Forrest Evans; Vice President, Leroy Timmons; Secretary, Nancy Johnson; Treasurer, Marian Evans. The biggest product on our agenda for this year was the Junior-Senior Prom, which we are proud to say was very successful. At the end of this year, we bade a sad farewell to Mr. Mahan, who had been with us for five years.

Now our big year is here. With our officers: President, Walter Lathbury; Vice President, Leroy Timmons; Secretary, Carol Tyre; Treasurer, Mariam Evans; we accomplished a long list of projects. This year Mr. James Locklear became our class advisor. And at last our long awaited dream came true, our Washington trip on April 23rd through the 26th. The wonderful time had by all will never truly be expressed. Now the door is slowly closing behind us. We, the class of '59, extend our deep appreciation to the faculty for all the help bestowed upon us.

Class Poem

We've come so far, so fast
It seems only a few years have passed
And now we're entering into life's prime
This little class of "59"

Our teachers often felt discouraged
Our parents seemed to be losing their courage
But they continued doing their deeds
Helping plant twenty eight little new seeds.

Since their work is done and past
Our turn has finally come at last
To help this world with all its needs
Each to apply his personal deeds.

Into this wholesome story are woven many colorful characters such as Bess Starlight, a fascinating, dazzling actress who plays havoc with the heart of Yuba Bill; Clytie Moffits, a sweet little "Mountain rose," who is M'liss' rival for the hand of young Grey; and the extremely amusing Judge McSnaggley, who holds an impromptu court in the lobby of the "Roarin' Dog Hotel," where the scene of the play is laid.

"M'liss" is a great play filled with comedy galore and tense, thrilling dramatic situations.

Varsity Football

Football was very exciting, although we were unfortunate to be defeated at all of our games except two. We may have been personally defeated but our principles never! We always kept in mind that there are some defeats more triumphant than victories. At all times our hopes and drive were ever livelier than despair. We all had fun and we would like to give thanks to all the people who backed us all the way, right up to the last game of the season.

At all the games the team was ready and willing to go all the way if only lady luck would make an appearance.

A Tired Farewell

We, the 1959 Eagle's Nest staff, offer our heartful thanks to the people who have helped us make this yearbook possible.

To Mrs. Joines, our advisor, Mrs. Howe, our photographer, we hope you feel rewarded with the finished product.

And last, but not least, we hope that you, the students, cherish the memories and recollections that this annual holds.

Sincerely,

The Staff
